

Letter of Recommendation

Reference for Miss Kristina Korotenko

Registered office tel:16192

Coastal Highway, Lewes, Delaware 19958, USA

To Whom It May Concern:

Kristina Korotenko worked under my supervision as a project manager from February 22, 2023, to May 9, 2024.

Educate Online is an international agency that helps children aged 4 to 19 receive an education for the future.

Her responsibilities included:

- Coordinating and overseeing each stage of the project, creating CJKs, setting technical tasks and deadlines, allocating team resources, and tracking task completion,
- Communicating with the team and organizing meetings,
- Optimizing organizational processes,
- Collecting analytics and maintaining reports on performance indicators,
- Handling cross-functional tasks with other company teams.

Kristina Korotenko made a significant contribution to establishing processes in the marketing department. Kristina demonstrated herself as an employee who is willing to take initiative in work-related matters and eager to learn and grow professionally. Thanks to Kristina, the company implemented a convenient and transparent task tracking system that was adopted by other departments as well. She also helped automate and standardize processes in our corporate Notion. Her calmness, composure, and analytical mindset enable her to solve even the most complex cases. As Kristina Korotenko's supervisor, I am confident that her professional and personal qualities will enable the team she joins to achieve high results.

Best regards,

Maltseva Kseniya Vyacheslavovna

Team Lead Marketing in the school department at Educate Online Inc
